Greenville Technical College South Carolina LIFE Scholarship (Legislative Incentives for Future Excellence)

About the LIFE Scholarship:

- Covers the cost of tuition *up to \$2,500* per semester.
- LIFE recipients are not eligible to receive South Carolina Lottery Tuition Assistance including the summer semester.
- Documents required to determine LIFE eligibility must be received no later than the last day of the Spring semester of the award year.
- Semesters of eligibility begin with initial college enrollment. Students are required to submit official college transcripts for ALL colleges attended. At GTC, the LIFE Scholarship may be received 2 semesters for Diploma or Certificate programs, 4 semesters for Associate Degree programs that are 67 or less credit hours, 6 semesters for Associate Degree programs that are 68 or more credit hours, and 8 semesters for Bachelor Degree programs.

Certification/Awarding Process at GTC:

- Once FINAL OFFICIAL proof of high school has been received by the GTC Office of Admissions/Enrollment Services, students meeting the applicable below listed requirements will be informed of their LIFE scholarship award via email notification to their GTC student email account.

For general eligibility requirements, a student must:

- Graduate from a South Carolina high school or complete a home school program as prescribed by law, while a dependent of a parent or guardian who is a legal resident of South Carolina.
- Be a legal South Carolina resident at the time of high school graduation and at the time of college enrollment.
- Be a U.S. citizen or a legal permanent resident. DACA students are not eligible.
- The student must be in an eligible program of study and enroll full time in at least 12 semester credit hours of college level, non-transitional studies/non-developmental level courses to receive the LIFE scholarship. Students may enroll in both college level AND transitional level as long as there is enrollment in at least 12 credits of program-level courses. LIFE scholarship will *not* cover the tuition charges for transitional level courses.
 - Transitional level courses include but are not limited to: MAT 031, 032, 100, 101, 102, 105, 114; COL 103, 107, 108; CHM 100; ENG 032, 100; RDG 032, 100; RWR 032, RWR 100.
- Certify he/she has never been convicted of any felonies and has not been convicted of any alcohol or other drug-related misdemeanor convictions within the past academic year.
- Verify he/she is not in default and does not owe a refund or repayment on any Federal or State financial aid.
- South Carolina residents who were South Carolina residents while in high school and did not have a high school 3.0 GPA, or who completed a GED, can gain LIFE eligibility by meeting other requirements after their first year of college. See Financial Aid for details.

Selection of recipients & Requirements for first-time entering freshman:

- Entering freshmen will be selected based on their final high school transcript. To establish base eligibility, the student's official final high school transcript must be received by and processed by the GTC Admissions/Enrollment Services Office.
- The student must earn a cumulative 3.0 grade point average (GPA) based on the SC Uniform Grading Policy (UGP) upon high school graduation. The GPA must be reported to two decimal places (minimum) and be calculated after official completion of courses required for high school graduation. Early high school graduates who enroll Spring semester must submit all necessary documents to the institution for approval.

- Students who initially enroll Spring semester are required to earn 15 non-developmental credit hours with a 3.0 cumulative GPA by the end of the summer term and prior to the beginning of the following Fall semester.

Requirements for second year eligibility:

- Earn a minimum of 30 non-developmental credit hours with a 3.0 cumulative GPA based on grades earned at ALL institutions attended.
- Second year students who meet eligibility requirements will be selected based on academic records with a minimum 3.0 LIFE cumulative GPA, completion of at least 30 degree credit hours by the end of their first year of college (15 degree credit hours if enrollment began in January), enrollment in a minimum of 12 non-developmental credit hours, and the number of remaining semesters of availability. Transfer students who meet all eligibility requirements but did not transfer all earned credit hours from previous college(s) should complete the LIFE Scholarship Transfer form if you believe you are eligible, but have not received notification from GTC.

Summer Eligibility:

- If a student has met the requirements for renewal at the end of the Spring term the student would be allowed to receive LIFE Scholarship for the Summer term if they are enrolled in 12 LIFE eligible credit hours. If a student receives LIFE in the summer, they would then have just one remaining term (the very next Fall) left of eligibility at GTC.

4 year eligibility:

- If a student has met the above requirements, they will be informed via email notification to their GTC student email.

Early High School Graduates:

- "Students who complete their high school graduation requirements prior to the official graduation date reported on the final high school transcript may be eligible to receive the LIFE Scholarship dependent on the approval of the eligible institution. The student must complete and submit an Early Graduation Application, an official high school transcript, an official letter from the high school principal verifying that he/she has met all graduation requirements, and SAT/ACT scores (if attending a four-year institution) by the established deadline. Early graduates cannot use class rank in order to qualify for the LIFE Scholarship at four-year institutions. Early graduates who enroll mid-year (spring term) and are awarded the LIFE Scholarship through the Early Graduation process will officially begin their initial college enrollment. In order to receive the LIFE Scholarship the next academic year, the student must earn a minimum of fifteen credit hours and a 3.0 "LIFE GPA" at the end of the academic year. The student will be eligible to receive the maximum number of terms of eligibility based on initial college enrollment. If a student does not submit an early graduation application for the spring term and has not officially graduated, the student should not have received the LIFE Scholarship and that term will not count against his/her terms of Scholarship eligibility."
