CMI Update

Mr. Kevin Byrd presented comprehensive updates on CMI activities, highlighting several key developments.

- **Industrial AI and Cybersecurity Initiative:** Faculty are developing a curriculum centered around industrial AI and Cybersecurity, with assistant deans Raymond James and Kim Silver leading workshops with industry experts in business, computer technology, cybersecurity, HVAC, industrial electric, and CNC.
- **Equipment and Donations:** A piece of equipment was transferred from the Brasier Campus to the Center of Manufacturing Innovation Campus. Wood Sense Automation updated a 25-year-old Michelin-donated machine with new sensors and software. AT&T donated laptops to Aspire students, along with \$36,000 to help students purchase laptops. 3M donated \$130,000 to help purchase mechatronics equipment for the Golden Street Career Center.
- **Manufacturing Expo Success:** CMI hosted a manufacturing expo with over 30 participating companies and 400-500 students, creating networking opportunities between students and industry.
- **Enrollment Growth:** Spring enrollment at CMI increased from 563 students last year to 607 students this year, representing a 7.82% increase. The facility has the potential to accommodate approximately 300 additional students.

Old and New Business

With no other business to discuss, Chair Lattimore adjourned the meeting at 1:42 p.m.
