

TABLE 1: Student and Stakeholder Focused Results (Standard 3)

- Student, stakeholder, and market focused results examine how well your business unit satisfies students and stakeholders key needs and expectations.
 - Performance measures may include: satisfaction and dissatisfaction of current and past students and key stakeholders, perceived value, loyalty, persistence, or other aspects of relationship building, end of course surveys, alumni surveys, Internship feedback, etc.

Performance Measures may include: satisfaction and dissatisfaction of current and past students and key stakeholders, perceived value, loyalty, persistence, or other aspects of relationship building, end of course surveys, alumni surveys, internship feedback, etc.

- Measurement instrument or processes may include end of course surveys, alumni surveys, Internship feedback, etc.
- Each academic unit must demonstrate linkages to business practitioners and organizations, which are current and significant, including an advisory board.
- Periodic surveys should be made of graduates, transfer institutions, and/or employers of graduates to obtain data on the success of business programs in preparing students to
- If for any given performance measure your goal is being exceeded repeatedly, consider either increasing the goal or changing the performance measure so that action can be taken to improve the program.
- For all data reported, show sample size (n = 75).

Analysis of Results

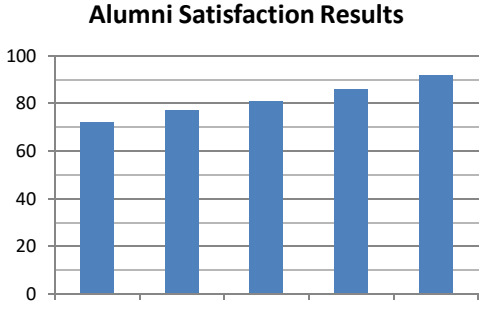

Performance Measure: What is your performance measure? What is your goal? (The goal should be measurable.)	What is your measurement instrument or process? (indicate length of cycle)	Current Results: What are your current results?	Analysis of Results: What did you learn from your results?	Action Taken or Improvement Made: What did you improve or what is your next step?	Provide a graph or table of resulting trends (3-5 data points preferred)												
EXAMPLE Alumni Satisfaction for business programs will be at or above 80%	Annual alumni survey	Three years of positive trend data exceeding goal	Overall satisfaction exceeded the goal, but students requested additional internships & job placement assistance.	Increased the opportunities for internships and assistance with job placement.	 <p>Alumni Satisfaction Results</p> <table border="1"> <caption>Data for Alumni Satisfaction Results</caption> <thead> <tr> <th>Year</th> <th>Satisfaction (%)</th> </tr> </thead> <tbody> <tr> <td>1</td> <td>72</td> </tr> <tr> <td>2</td> <td>78</td> </tr> <tr> <td>3</td> <td>82</td> </tr> <tr> <td>4</td> <td>88</td> </tr> <tr> <td>5</td> <td>92</td> </tr> </tbody> </table>	Year	Satisfaction (%)	1	72	2	78	3	82	4	88	5	92

<p><u>Graduate Satisfaction Survey.</u> Graduate Satisfaction Surveys are conducted annually to solicit information from previous Fiscal Year graduates. The goal for each department in the Business Unit is to have a score of 3.25 (4 point likert scale) or higher in the reponse category which measures how well Greenville Technical College met the students' expectations in preparing them for success in their field of study.</p>	<p>Graduate Satisfaction survey – Distributed by mail and online to all award-recipients to determine satisfaction with respect to services and areas. The surveys are administered annually.</p>	<p>**PLEASE NOTE THAT 19-20 DATA WILL NOT BE AVAILABLE UNTIL AFTER MAY 2022; OUR DUE DATE FOR THE QA IS FEB, 2022. Three academic years of data are represented. ACC graduate satisfaction survey scores were 3, 4, and 3.5 for years 16-17, 17-18, and 18-19 respectively. AOT graduate satisfaction survey scores were 4, 4, 0 for years 16-17, 17-18, and 18-19 respectively. MGT graduate satisfaction survey scores were 3.5, 3, 0 for years 16-17, 17-18, and 18-19 respectively. MKT graduate satisfaction survey scores were 3 5 0</p>	<p>Although we feel this information could be valuable, and the Business Unit met and exceeded the target on average, the limited responses do not provide enough predictive data and analysis for implementing continuous improvement. In addition, the College eliminated the process of collecting Graduate Satisfaction Surveys as of Fall 2021.</p>	<p>Due to the low response numbers and limited data and analysis provided by the Graduate Satisfaction Surveys, and due to the College eliminating the process of collecting surveys, the Business Unit will replace this measure with end of semester course student surveys beginning academic year 2021-2022. The data in parenthesis represents 3 years total of the number of graduate satisfaction surveys sent and number of responses received. For example, a total of 75 surveys were sent to Accounting graduates, and only 7 responded ACC (75 7); AOT</p>	<table border="1"> <caption>Graduate Satisfaction with Preparation for Field of Study</caption> <thead> <tr> <th>Field of Study</th> <th>AY 16-17</th> <th>AY 17-18</th> <th>AY 18-19</th> </tr> </thead> <tbody> <tr> <td>ACC</td> <td>3.0</td> <td>3.0</td> <td>3.5</td> </tr> <tr> <td>AOT</td> <td>4.0</td> <td>4.0</td> <td>0.0</td> </tr> <tr> <td>MGT</td> <td>3.5</td> <td>3.0</td> <td>0.0</td> </tr> <tr> <td>MKT</td> <td>3.5</td> <td>3.0</td> <td>0.0</td> </tr> <tr> <td>SCM</td> <td>4.0</td> <td>4.0</td> <td>3.5</td> </tr> </tbody> </table>	Field of Study	AY 16-17	AY 17-18	AY 18-19	ACC	3.0	3.0	3.5	AOT	4.0	4.0	0.0	MGT	3.5	3.0	0.0	MKT	3.5	3.0	0.0	SCM	4.0	4.0	3.5

For each Business Advisory Board, membership will increase to 10 or more active members.	Advisory committee meeting minutes are captured at each advisory board meeting, each semester, indicating members' participation.	The advisory committee membership has increased over the past three years. As of academic year 2019-2020, ACC has 12 active members. AOT has 9 active members. MGT and MKT have 12 active members. SCM has 15 active members.	Although we have increased membership in all of the advisory boards for ACC, MGT, MKT, and SCM, we are not meeting the goal for AOT.	In an effort to increase the number of advisory board members, we have partnered with the Greenville Technical College Foundation team to recruit new business and industry members from our community partners.	<table border="1"> <caption>Advisory Committee Members</caption> <thead> <tr> <th>Academic Year</th> <th>ACC</th> <th>AOT</th> <th>MGT</th> <th>MKT</th> <th>SCM</th> </tr> </thead> <tbody> <tr> <td>AY 17-18</td> <td>10</td> <td>10</td> <td>12</td> <td>10</td> <td>12</td> </tr> <tr> <td>AY 18-19</td> <td>12</td> <td>6</td> <td>12</td> <td>6</td> <td>12</td> </tr> <tr> <td>AY 19-20</td> <td>12</td> <td>10</td> <td>12</td> <td>10</td> <td>12</td> </tr> </tbody> </table>	Academic Year	ACC	AOT	MGT	MKT	SCM	AY 17-18	10	10	12	10	12	AY 18-19	12	6	12	6	12	AY 19-20	12	10	12	10	12

AAS in Accounting Technology: SLO - "The student will demonstrate the application of the accounting cycle from journal entries to financial statement preparation. The goal is students will achieve an 80% or higher on the ACC 275 Comprehensive Accounting Cycle Project	Direct, Internal. Students enrolled in Selected Topics in Accounting (ACC 275), are required to complete an Accounting Cycle project, beginning with the analysis and reporting of journal entries to preparing financial statements. Students with a minimum competence level of 70% of higher will successfully complete the skills required for this project.	During the reporting year 17-18, the average of all students on that project for 2017-2018 was 82.75% There were several non-completers that lowered the yearly average. 73.5% of the class scored above the target. During the reporting year 18-19, 20 out of 24 students (83%) earned an 80% or higher.. During the 19-20 reporting year 61 students completed the measurement tool, 94% earned a 70% or higher.	The ACC 275 Accounting Cycle Project measure for this student learning outcome was partially achieved during the reporting periods.	The Accounting Cycle Project is already a very comprehensive exercise in applying the accounting cycle from journal entries to financial statement presentation. The instructors will continue to offer help to students in completing the project, as we feel this ensures they learn and solidify their understanding of the accounting cycle.	<table border="1"> <caption>Accounting Cycle Project Data</caption> <thead> <tr> <th>Reporting Period</th> <th>Score</th> <th>Sample Size (n)</th> </tr> </thead> <tbody> <tr> <td>2017-2018</td> <td>75</td> <td>97</td> </tr> <tr> <td>2018-2019</td> <td>80</td> <td>38</td> </tr> <tr> <td>2019-2020</td> <td>70</td> <td>61</td> </tr> </tbody> </table>	Reporting Period	Score	Sample Size (n)	2017-2018	75	97	2018-2019	80	38	2019-2020	70	61

TABLE 2: Student Learning Results (Standard 4)

Use this table to supply data for Criterion 4.2.

Performance Indicator	Definition
1. Student Learning Results	<p>A student learning outcome is one that measures a specific competency attainment. <i>Examples of a direct assessment (evidence) of student learning attainment that might be used include: capstone performance, third-party examination, faculty-designed examination, professional performance, licensure examination.</i> Add these to the description of the measurement instrument in column two:</p> <p>Direct - Assessing student performance by examining samples of student work</p> <p>Indirect - Assessing indicators other than student work such as getting feedback from the student or other persons who may provide relevant information.</p> <p>Formative – An assessment conducted during the student’s education.</p> <p>Summative – An assessment conducted at the end of the student’s education.</p> <p>Internal – An assessment instrument that was developed within the business unit.</p> <p>External – An assessment instrument that was developed outside the business unit.</p> <p>Comparative – Compare results between classes, between online and on ground classes, Between professors, between programs, between campuses, or compare to external results such as results from the U.S. Department of Education Research and Statistics, or results from a vendor providing comparable data.</p> <p>- If for any given performance measure your goal is being exceeded repeatedly, consider either increasing the goal or changing the performance measure so that action can be taken to improve the program.</p> <p>- For all data reported, show sample size (n=75).</p>

Analysis of Results

Performance Measure: For each assessment, identify the following - 1. Academic Program, 2. Student Learning Outcome, 3. Measurable Goal	What is your measurement instrument or process? Do not use grades. Indicate type of instrument (e.g. direct, formative, internal, comparative)	Current Results: What are your current results?	Analysis of Results: What did you learn from your results?	Action Taken or Improvement Made: What did you improve or what is your next step?	Provide a graph or table of resulting trends (3-5 data points preferred)												
<p>AAS in Marketing: SLO-"The students will be able to demonstrate the professional skills required for effective customer relationship management in the areas of business development, sales, customer service and retention." The goal is for 80% of the students to achieve a score of 80% or higher demonstrating mastery.</p>	<p>Summative, Internal. Students will submit a written report on the customer service standards of a service organization that they have reviewed in Customer Services Principles (MKT 130). Students will submit an assessment of current service behaviors being performed and make recommendations for improvement.</p>	<p>During the reporting year 17-18, In Fall 2017, 22 students (100%) successfully completed this assignment with a grade of 80% or higher.</p> <p>In Spring 2018, 42 students (89%) successfully completed this assignment with a grade of 80% or higher. During 18-19, In Fall 2018 22 students completed this Assignment with 22 students or 100% attaining a grade of 80% or higher.</p> <p>In Spring 2019 45 students completed this Assignment with 41 or 91% attaining a grade of 80% or higher. In 2019-2020, the outcome was achieved with 94% or higher. And during 19-20,</p>	<p>The measure for this student learning outcome to demonstrate professional skills required for effective customer relationship was achieved during the reporting periods.</p>	<p>The Marketing faculty will continue to provide students with assignment expectations, student examples, and guidelines for written work in order for students to be successful in researching the topics, developing the content, and providing the written work required for success in this student learning outcome.</p>	<table border="1"> <caption>Professional Skills</caption> <thead> <tr> <th>Year</th> <th>Score</th> <th>n</th> </tr> </thead> <tbody> <tr> <td>2017-2018</td> <td>94</td> <td>97</td> </tr> <tr> <td>2018-2019</td> <td>91</td> <td>38</td> </tr> <tr> <td>2019-2020</td> <td>94</td> <td>61</td> </tr> </tbody> </table>	Year	Score	n	2017-2018	94	97	2018-2019	91	38	2019-2020	94	61

Business and Industry Interaction. The School of Business will provide a minimum of two (2) business and industry interaction activities per academic year.	The measurement instrument is the number of business interactive activities listed on the internal calendar system for this time period.	For the academic years 2017-2018 and 2018-2019, Business Unit faculty participated in 3 business and industry interaction activities. For the academic year 2019-2020, Business Unit faculty participated in 6 business and industry interaction activities. These activities included Professional Imaging Day, Student Start-up events, Speaker Series, and community board memberships.	Due to meeting the previous performance measure multiple years, we changed the measure to business and industry interaction. This is the first cycle assessing business and industry interaction activities. The Business Unit programs have achieved and exceeded the target for this measure.	The Business Unit will continue assessing this measure. By doing so, students will have access to the latest skills in the workplace as well as additional networking opportunities.	<div style="text-align: center;"> <table border="1" style="margin: 10px auto;"> <caption>Business and Industry Interaction</caption> <thead> <tr> <th>Year</th> <th>Value</th> </tr> </thead> <tbody> <tr> <td>2017</td> <td>3</td> </tr> <tr> <td>2019</td> <td>6</td> </tr> </tbody> </table> </div>	Year	Value	2017	3	2019	6

100% of the Business Unit faculty will meet minimum professional development hours required by Greenville Technical College, which equates to 15 hours per academic year. The total number of business faculty is 13. Therefore n=13.	The instrument for measurement is the Greenville Technical College Professional Development form used for the 2017-18, 2018-19, and 2019-20 academic years.	Business faculty are required to complete 15 hours of professional development each academic year. The ACC department have 2 faculty members and each member completed an average of 37 hours, exceeding the requirement. The AOT department have 3 faculty members and each member completed an average of 30 hours, exceeding the requirement. The MGT department have 3 faculty members and each member completed an average of 42 hours, exceeding the requirement. The MKT department have 2 faculty members and each member completed an average of 32 hours, exceeding the requirement. The SCM department has 1 faculty	The goal was exceeded in all three academic years.	The Business Unit faculty have fully met or exceeded the professional development requirements as indicated by the college. We will continue to monitor as new required trainings are added in the upcoming academic years.	<p style="text-align: center;">Business Unit PD Hours (n=13)</p> <table border="1"> <caption>Business Unit PD Hours (n=13)</caption> <thead> <tr> <th>Department</th> <th>AY 17-18</th> <th>AY 18-19</th> <th>AY 19-20</th> </tr> </thead> <tbody> <tr> <td>ACC</td> <td>75</td> <td>60</td> <td>65</td> </tr> <tr> <td>AOT</td> <td>30</td> <td>58</td> <td>52</td> </tr> <tr> <td>MGT</td> <td>55</td> <td>32</td> <td>42</td> </tr> <tr> <td>MKT</td> <td>22</td> <td>24</td> <td>26</td> </tr> <tr> <td>SCM</td> <td>145</td> <td>145</td> <td>68</td> </tr> </tbody> </table>	Department	AY 17-18	AY 18-19	AY 19-20	ACC	75	60	65	AOT	30	58	52	MGT	55	32	42	MKT	22	24	26	SCM	145	145	68

TABLE 3b: Full-time and Part-time Faculty Qualifications (Standard 5)

Complete this table for new full-time and part-time faculty members since last self-study or QA report. Do not include faculty members previously reported, in accordance with Criterion 5.2 in the Standards and Criteria.

Use a separateline in the table for each level of qualification. For example, if Joe Smith is Masters qualified to teach management and professionally qualified to teach accounting then Joe Smith will be on two lines justifying each level of qualification.

TABLE 3b - NEW AND FULL-TIME AND PART-TIME FACULTY QUALIFICATIONS

FACULTY MEMBER NAME (alphabetically by Last Name)	COURSES TAUGHT (List the courses taught during the reporting period, include number of credit hours)	LIST ALL EARNED DEGREES (State Degree as documented on transcript, must include major field)	DOCUMENT AT LEAST TWO OTHER PROFESSIONAL CERTIFICATION CRITERIA : 1. Two Years Work Experience (other than teaching) 2. Teaching Excellence Awards 3. Professional Certifications 4. Research and/or Publication 5. Additional Coursework	ACBSP QUALIFICATION 1. Masters 2. Doctorate 3. Professional 4. Exception (Choose one)
Creighton, Shannon	MGT 101 Principles of Management (3 Cr. Hrs)	M.S., Business Administration M.S., Arts in Teaching		Master's qualified in Business Administration
Duncan, Karen	AOT 133 Professional Development (3 Cr. Hrs) AOT 265 Office Desktop Publishing (3 Cr. Hrs) AOT 251 Administrative Systems and Procedures (6 Cr. Hrs)	B.S. TABLE 5: Curriculum Summary (Standard 6)

Name of Major/Program: Administrative Office Technology
Business Systems Concentration

Total Number of Credit Hours in Degree 69

List courses appropriate for each area in the chart below

Professional Component

Course Number	Course Title	Area of Study	Credit Hours
ACC 101	Accounting Principles I	A	3
CPT 170	Software Applications	B	3
MAT 120	Probability and Statistics	C	3
AOT 196	Office Confidentiality and Security	E	3
MKT 130	Customer Service	F	3
MGT 101	Principles of Management	I	3
Total Credit Hours			18
Percent of Total Hours			26%

General Education Component

Course Number	Course Title	Educational Goal Area	Credit Hours
ENG 101	English Composition		3
COL 105	Freshman Seminar		3
SPC 205	Public Speaking		3
Humanities	Humanities Elective		3
Social Science	Social Science Elective		3
Total Credit Hours			15
Percent of Total Hours			22%

Business Major Component

Course Number	Course Title	Credit Hours
AOT 104	Keyboarding and Input Technologies	3
AOT 162	Basic Information Processing	3
AOT 110	Document Formatting	3
AOT 251	Administrative Systems and Procedures	3
AOT 256	Office Management	3
AOT 161	Records Management	3
Total Credit Hours		18
Percent of Total Hours		26%

TABLE 7: Business Unit Performance Results (Standard 6)

Complete the following table. Provide three or four examples, reporting what you consider to be the most important data. It is not necessary to provide results for every process.

Organizational Effectiveness Results																	
Analysis of Results																	
Performance Measure: What is your performance measure? What is your goal? (The goal should be measurable.)	What is your measurement instrument or process? (indicate length of cycle)	Current Results: What are your current results?	Analysis of Results: What did you learn from your results?	Action Taken or Improvement Made: What did you improve or what is your next step?	Provide a graph or table of resulting trends (3-5 data points preferred)												
<p>Organizational Effectiveness Results</p> <p>Organizational effectiveness results examine attainment of organizational goals. Each business unit must have a systematic reporting mechanism for each business program that charts results such as enrollment patterns, student academic success, graduation rates, retention rates, job placement rates, transfer rates, industry certification/licensure attainment, increased use of web-based technologies, use of facilities by community organizations, contributions to the community, or partnerships, retention rates by program, and what you report to governing boards and administrative units.</p> <p>- Please note that data reported in this table should be business unit data and not institution-wide data.</p> <p>- If for any given performance measure your goal is being exceeded repeatedly, consider either increasing the goal or changing the performance measure so that action can be taken to improve the program.</p> <p>- For all data reported, show sample size (n=75).</p>																	
<p>EXAMPLE: Increase retention from 80% to 90% by 2020</p>	Retention rates as reported to the VPAA every January	85% in 2014-2015	In a positive trend for the last three years	Will have three meetings a year with business students regarding continued education and completion plans	<p style="text-align: center;">Fall-Spring Retention Rate</p> <table border="1"> <caption>Fall-Spring Retention Rate Data</caption> <thead> <tr> <th>Year</th> <th>Retention Rate (%)</th> <th>Sample Size (n)</th> </tr> </thead> <tbody> <tr> <td>2012-2013</td> <td>~81</td> <td>112</td> </tr> <tr> <td>2013-2014</td> <td>~83</td> <td>125</td> </tr> <tr> <td>2014-2015</td> <td>~85</td> <td>120</td> </tr> </tbody> </table>	Year	Retention Rate (%)	Sample Size (n)	2012-2013	~81	112	2013-2014	~83	125	2014-2015	~85	120
Year	Retention Rate (%)	Sample Size (n)															
2012-2013	~81	112															
2013-2014	~83	125															
2014-2015	~85	120															

TABLE 7: Business Unit Performance Results (Standard 6)

Complete the following table. Provide three or four examples, reporting what you consider to be the most important data. It is not necessary to provide results for every process.

Organizational Effectiveness Results																													
Analysis of Results																													
Performance Measure: What is your performance measure? What is your goal? (The goal should be measurable.)	What is your measurement instrument or process? (indicate length of cycle)	Current Results: What are your current results?	Analysis of Results: What did you learn from your results?	Action Taken or Improvement Made: What did you improve or what is your next step?	Provide a graph or table of resulting trends (3-5 data points preferred)																								
<p>Organizational effectiveness results examine attainment of organizational goals. Each business unit must have a systematic reporting mechanism for each business program that charts results such as enrollment patterns, student academic success, graduation rates, retention rates, job placement rates, transfer rates, industry certification/licensure attainment, increased use of web-based technologies, use of facilities by community organizations, contributions to the community, or partnerships, retention rates by program, and what you report to governing boards and administrative units.</p> <p>- Please note that data reported in this table should be business unit data and not institution-wide data.</p> <p>- If for any given performance measure your goal is being exceeded repeatedly, consider either increasing the goal or changing the performance measure so that action can be taken to improve the program.</p> <p>- For all data reported, show sample size (n=75).</p>																													
<p>Enrollment: The Business Unit programs will strive to increase student enrollments. The goal is to increase enrollment by 5% each academic year.</p>	<p>Enrollment data is collected and reported on the college dashboard on a continuous basis.</p>	<p>ACC: In 2017-18 153 were enrolled, in 2018-19, 160 were enrolled and in 2019-20, 152 were enrolled. AOT: In 2017-18, 52 were enrolled, in 2018-19, 95 were enrolled and in 2019-20, 85 were enrolled. MGT: In 2017-18, 345 were enrolled, in 2018-19, 292 were enrolled and in 2019-20, 330 were enrolled. MKT: In 2017-18, 153 were enrolled, in 2018-19, 154 were enrolled and in 2019-20, 135 were enrolled. SCM: In 2017-18, 68 were enrolled, in 2018-19, 72 were enrolled and in 2019-20 68 were enrolled.</p>	<p>There was an increase in enrollment from years 17-18 to 18-19 in ACC and AOT while a flat enrollment fr MKT and SCM. MGT had a significant increase in enrollment from years 2018-2019. Due to the pandemic, enrollment fell overall in 2019-2020. However, enrollment increased during that year for MGT due to more online offerings.</p>	<p>The Business Unit will work to increase enrollment by partnering with college Marketing. We will also participate in campus-wide recruitment activities such as college fairs and career events. We will also work to partner with local high schools presenting at career and college events.</p>	<p>Enrollment Trend by Department</p> <table border="1"> <caption>Enrollment Trend by Department</caption> <thead> <tr> <th>Department</th> <th>2017-18</th> <th>2018-19</th> <th>2019-20</th> </tr> </thead> <tbody> <tr> <td>ACC</td> <td>153</td> <td>160</td> <td>152</td> </tr> <tr> <td>AOT</td> <td>52</td> <td>95</td> <td>85</td> </tr> <tr> <td>MGT</td> <td>345</td> <td>292</td> <td>330</td> </tr> <tr> <td>MKT</td> <td>153</td> <td>154</td> <td>135</td> </tr> <tr> <td>SCM</td> <td>68</td> <td>72</td> <td>68</td> </tr> </tbody> </table>	Department	2017-18	2018-19	2019-20	ACC	153	160	152	AOT	52	95	85	MGT	345	292	330	MKT	153	154	135	SCM	68	72	68
