(a) By submitting an offer, the offeror certifies that-

- (1) The prices in this offer have been arrived at independently, without, for the purpose of restricting competition, any consultation, communication, or agreement with any other offeror or competitor relating to-
 - (i.) Those prices;
 - (ii.) The intention to submit an offer; or
 - (iii.) The methods or factors used to calculate the prices offered.
- (2) The prices in this offer have not been and will not be knowingly disclosed by the offeror, directly or indirectly, to any other offeror or competitor before bid opening (in the case of a sealed bid solicitation) or contract award (in the case of a negotiated solicitation) unless otherwise required by law; and
- (3) No attempt has been made or will be made by the offeror to induce any other concern to submit or not to submit an offer for the purpose of restricting competition.

(b) Each signature on the offer is considered to be a certification by the signatory that the signatory-

- (1) Is the person in the offeror's organization responsible for determining the prices being offered in this bid or proposal, and that the signatory has not participated and will not participate in any action contrary to paragraphs (a)(1) through (a)(3) of this certification; or

(i) Offeror and/or any of its Principals-

(A) Are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any state or federal agency;

(e) The certification in paragraph (a) of this provision is a material representation of fact upon which reliance was placed when making award. DISCLOSURE OF CONFLICTS OF INTEREST OR UNFAIR COMPETITIVE ADVANTAGE (FEB 2015)

You warrant and represent that your offer identifies and explains any unfair competitive advantage you may have in

competing for the proposed contract and any actual or potential conflicts of interest that may arise from your participation in this competition or your receipt of an award. The two underlying principles are (a) preventing the existence of conflicting roles that might bias a contractor's judgment, and (b) preventing an unfair competitive advantage. If you have an unfair competitive advantage or a conflict of interest, the state may withhold award. Before withholding award on these grounds, an offeror will be notified of the concerns and provided a reasonable opportunity to respond. Efforts to avoid or mitigate such concerns, including restrictions on future activities, may be considered. Without limiting the foregoing, you represent that your offer identifies any services that relate to either this solicitation or the work and that has already been performed by you, a proposed subcontractor, or an affiliated business of either. [02-2A047-2]

DRUG FREE WORK PLACE CERTIFICATION (JAN 2004)

DUTY TO INQUIRE (FEB 2015)

Offeror, by submitting an Offer, represents that it has read and understands the Solicitation and that its Offer is made in compliance with the Solicitation. Offerors are expected to examine the Solicitation thoroughly and should request an explanation of any ambiguities, discrepancies, errors, omissions, or conflicting statements in the Solicitation. Failure to do so will be at the Offeror's risk. All ambiguities, discrepancies, errors, omissions, or conflicting statements in the Solicitation shall be interpreted to require the better quality or greater quantity of work and/or materials, unless otherwise directed by amendment. Offeror assumes responsibility for any patent ambiguity in the Solicitation that Offeror does not bring to the State's attention. See clause entitled "Questions from Offerors." [02-2A070-2]

ETHICS CERTIFICATE (MAY 2008)

By submitting an offer, the offeror certifies that the offeror has and will comply with, and has not, and will not, induce a person to violate Title 8, Chapter 13 of the South Carolina Code of Laws, as amended (ethics act). The following statutes require special attention: Section 8-13-700, regarding use of official position for financial gain; Section 8-13-705, regarding gifts to influence action of public official; Section 8-13-720, regarding offering money for advice or assistance of public official; Sections 8-13-755 and 8-13-760, regarding restrictions on employment by former public official; Section 8-13-775, prohibiting public official with economic interests from acting on contracts; Section 8-13-790, regarding recovery of kickbacks; Section 8-13-1150, regarding statements to be filed by consultants; and Section 8-13-1342, regarding restrictions on contributions by contractor to candidate who participated in awarding of contract. The state may rescind any contract and recover all amounts expended as a result of any action taken in violation of this provision. If contractor participates, directly or indirectly, in the evaluation or award of public contracts, including without limitation, change orders or task orders regarding a public contract, contractor shall, if required by law to file such a statement, provide the statement required by Section 8-13-1150 to the procurement officer at the same time the law requires the statement to be filed. OPEN TRADE REPRESENTATION (JUN 2015):

By submitting an Offer, Offeror represents that Offeror is not currently engaged in the boycott of a person or an entity based in or doing business with a jurisdiction with whom South Carolina can enjoy open trade, as defined in SC Code Section 11-35-5300. [02-2A083-1]

PROHIBITED COMMUNICATIONS AND DONATIONS (FEB 2015)

Violation of these restrictions may result in disqualification of your offer, suspension or debarment, and may constitute a violation of law.

- (a) During the period between publication of the solicitation and final award, ***you must not communicate, directly or indirectly, with the Using Governmental Unit or its employees, agents or officials regarding any aspect of this procurement activity, unless otherwise approved in writing by the Procurement Officer.*** All communications must be solely with the Procurement Officer. [R. 19-445.2010]
- (b) You are advised to familiarize yourself with Regulation 19-445.2165, which restricts donations to a governmental entity with whom you have or seek to have a contract. ***You represent that your offer discloses any gifts made, directly or through an intermediary, by you or your named subcontractors to or for the benefit of the Using Governmental Unit during the period beginning eighteen months prior to the Opening Date.*** [R. 19-445.2165] [02-2A087-1]

To protest an award, you must (i) submit notice of your intent to protest within seven business days of the date the award notice is posted, and (ii) submit your actual protest within fifteen days of the date the award notice is posted. Days are calculated as provided in Section 11-35-310(13). Both protests and notices of intent to protest must be in writing and must be received by the appropriate Chief Procurement Officer within the time provided. See clause entitled "Protest-CPO". The grounds of the protest and the relief requested must be set forth with enough particularity to give notice of the issues to be decided. [02-2A085-2]

PUBLIC OPENING (JAN 2004):

Offers will be publicly opened at the date/time and at the location identified on the Cover Page, or last Amendment, whichever is applicable. [02-2A090-1]

QUESTIONS FROM OFFERORS (FEB 2015)

- (a) Any prospective offeror desiring an explanation or interpretation of the solicitation, drawings, specifications, etc., must request it in writing. Questions regarding the original solicitation or any amendment must be received by the Procurement Officer no later than five (5) days prior to opening unless an earlier date is stated on the Cover Page. Label any communication regarding your questions with the name of the procurement officer, and the solicitation's title and number. Oral explanations or instructions will not be binding. [See R. 19-445.2042(B)] Any information given a prospective offeror concerning a solicitation will be furnished promptly to all other prospective offerors as an Amendment to the solicitation, if that information is necessary for submitting offers or if the lack of it would be prejudicial to other prospective offerors. See clause entitled "Duty to Inquire." **We will not identify you in our answer to your question.**
- (b) The State seeks to permit maximum practicable competition. Offerors are urged to advise the Procurement Officer -- as soon as possible -- regarding any aspect of this procurement, including any aspect of the Solicitation that unnecessarily or inappropriately limits full and open competition. [See R. 19-445.2140] [02-2A095-2]

Questions are to be e-mailed to Kristal.doherty@gvltec.edu no later than 2/17/2021 with a subject line of "GTC 21-02-271RFP: Audit Services." Questions submitted after this date and time will not be answered.

REJECTION/CANCELLATION (JANUARY 2004)

The State may cancel this solicitation in whole or in part. The State may reject any or all proposals in whole or in part. [SC Code Section 11-35-1710 & R.19-445.2065] [02-2A100-1]

RESPONSIVENESS / IMPROPER OFFERS (JUNE 2015)

- (a) Bid as Specified. Offers for supplies or services other than those specified will not be considered unless authorized by the Solicitation.
- (b) Multiple Offers. Offerors may submit more than one Offer, provided that each Offer has significant differences other than price. Each separate Offer must satisfy all Solicitation requirements. If this solicitation is an Invitation for Bids, each separate offer must be submitted as a separate document. If this solicitation is a Request for Proposals, multiple offers may be submitted as one document, provided that you clearly differentiate between each offer and you submit a separate cost proposal for each offer, if applicable.
- (c) Responsiveness. Any Offer which fails to conform to the material requirements of the Solicitation may be rejected as nonresponsive. Offers which impose conditions that modify material requirements of the Solicitation may be rejected. If a fixed price is required, an Offer will be rejected if the total possible cost to the State cannot be determined. Offerors will not be given an opportunity to correct any material nonconformity. Any deficiency resulting from a minor informality may be cured or waived at the sole discretion of the Procurement Officer. [R.19-445.2070 and Section 11-35-1520(13)]
- (d) Price Reasonableness: Any offer may be rejected if the Procurement Officer determines in writing that it is unreasonable as to price. [R. 19-445.2070].
- (e) Unbalanced Bidding. The State may reject an Offer as nonresponsive if the prices bid are materially unbalanced between line items or subline items. A bid is materially unbalanced when it is based on prices significantly less than cost for some work and prices which are significantly overstated in relation to cost for other work, and if there is a reasonable doubt that the bid will result in the lowest overall cost to the State even though it may be the low evaluated bid, or if it is so unbalanced as to be tantamount to allowing an advance payment.
- (f) **Do not submit bid samples or descriptive literature unless expressly requested.** Unsolicited bid

samples or descriptive literature will not be examined or tested, will not be used to determine responsiveness, and will not be deemed to vary any of the provisions of the solicitation. S.C. Code Ann. Reg. 19-445.2077(D). [02-2A105-2]

(b) If the Offeror is a partnership, the Offer must be submitted in the partnership name, followed by the words by its Partner, and signed by a general partner. Upon request, Offeror must provide proof of the agent's authorization to bind the principal. [02-2A115-1]

STATE OFFICE CLOSINGS (GTC MODIFIED)

If an emergency or unanticipated event interrupts normal government processes so that offers cannot be received at the government office designated for receipt of bids by the exact time specified in the solicitation, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal government processes resume. In lieu of an automatic extension, an Amendment may be issued to reschedule bid opening. If state offices are closed at the time a pre-bid or pre-proposal conference is scheduled, an Amendment will be issued to reschedule the conference. **Useful information may be available at www.gvltec.edu**

SUBMITTING CONFIDENTIAL INFORMATION (FEB 2015)

(An overview is available at www.procurement.sc.gov) For every document Offeror submits in response to or with regard to this solicitation or request, Offeror must separately mark with the word "CONFIDENTIAL" every page, or portion thereof, that Offeror contends contains information that is exempt from public disclosure because it is either (a) a trade secret as defined in Section 30-4-40(a)(1), or (b) privileged and confidential, as that phrase is used in Section 11-35-410. For every document Offeror submits in response to or with regard to this solicitation or request, Offeror must separately mark with the words "TRADE SECRET" every page, or portion thereof, that Offeror contends contains a trade secret as that term is defined by Section 39-8-20 of the Trade Secrets Act. For every document Offeror submits in response to or with regard to this solicitation or request, Offeror must separately mark with the word "PROTECTED" every page, or portion thereof, that Offeror contends is protected by Section 11-35-1810. All markings must be conspicuous; use color, bold, underlining, or some other method in order to conspicuously distinguish the mark from the other text. Do not mark your entire response (bid, proposal, quote, etc.) as confidential, trade secret, or protected. If your response, or any part thereof, is improperly marked as confidential or trade secret or protected, the State may, in its sole discretion, determine it nonresponsive. If only portions of a page are subject to some protection, do not mark the entire page. By submitting a response to this solicitation or request, Offeror (1) agrees to the public disclosure of every page of every document regarding this solicitation or request that was submitted at any time prior to entering into a contract (including, but not limited to, documents contained in a response, documents submitted to clarify a response, and documents submitted during negotiations), unless the page is conspicuously marked "TRADE SECRET" or "CONFIDENTIAL" or "PROTECTED", (2) agrees that any information not marked, as required by these bidding instructions, as a "Trade Secret" is not a trade secret as defined by the Trade Secrets Act, and (3) agrees that, notwithstanding any claims or markings otherwise, any prices, commissions, discounts, or other financial figures used to determine the award, as well as the final contract amount, are subject to public disclosure. III. SCOPE OF WORK / SPECIFICATIONS

Introduction

Founded in 1962, Greenville Technical College is a comprehensive technical and community college with a mission to drive personal and economic growth through learning. GTC's primary service area is Greenville County, but also enrolls students across the state and beyond through special offerings and online education. GTC maintains four campuses (Barton, Benson, Brashier, and Northwest) in strategic locations across the county; additional facilities include: McKinney Automotive Center, Transportation Hub at SCTAC, the Center for Culinary & Hospitality Innovation and the Center for Manufacturing Innovation. Affordable, high-quality learning options include university transfer; technical programs; and continuing education/non-credit job training. Over 100 programs of study are available in the areas of Business; Healthcare/Nursing; Public Service; Technologies; and Transportation.

In fall of 2020, the college enrolled over 10,500 (headcount) students in curriculum programs; an additional 3895 were served through non-credit registrations. The college provides a program of continuing education to meet the demands of employers. Student revenue is generated from tuition and fee payments and the sale of textbooks and supplies. In addition to student revenue, the college receives operating and capital funds from federal, local, and state governments, as well as other private sources. The college administered approximately \$38 million in federal expenditures last fiscal year, which included \$13.5 million for Direct Student Loans. Major federal programs included the student financial aid cluster, Appalachian 23.002 and COVID-19-HEERF 84.425E and 84.425F. The college's records are maintained on Ellucian's Colleague financial system and the bookstores operate on a stand-alone point of sale (POS) by Total Computing Solutions. The Corporate and Career Development (CCD) Department uses Student Manager by ACEware Systems Inc. to manage student and financial activity.

The Greenville Technical College Foundation is a legally separate, tax-exempt component unit of the college. The Foundation awards scholarships, fellowships and stipends to students, faculty, and staff as well as providing other program support. The Foundation board is self-perpetuating and consists of influential business leaders in the local community. Although the college does not control the timing or the amount of receipts from the Foundation, the majority of the resources or income thereon that the Foundation holds and invests is restricted to the activities of the college by the donors. Because these restricted revenues held by the Foundation can only be used by, or for the benefit of, the college, the Foundation is considered a component unit of the college and the Foundations financial statements are inserted in the College's Comprehensive Annual Financial Report. The Foundation's statements are audited by other auditors whose report is furnished to the College.

The Greenville Technical College Enterprise Campus Authority (the Authority) was established in 2009 by the 1976 South Carolina Code of Laws Section 59-53-2410. The legislation establishing the Authority requires that the members of the College's Area Commission also constitute the Board of the Authority. The Authority's financial activity is blended in the financial statements of the college.

The College maintains budgetary controls in the form of line-item budgets and budget transfer restrictions. The objective of these budget controls is to ensure compliance with the annual budget adopted by the Area Commission. The college maintains an encumbrance accounting system as one technique of accomplishing budgetary control.

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of

Achievement for Excellence in Financial Reporting to Greenville Technical College for its Comprehensive Annual Financial Report (CAFR) for the fiscal year ended June 30, 2019. The College has received a Certificate of Achievement for the last 12 consecutive years. The College plans to submit the fiscal year 2020 CAFR for the Certification of Excellence in Financial Reporting program of the GFOA and plans to continue submission and achieving a high standard of financial reporting.

STATEMENT OF WORK

To qualify for consideration, one original, five copies and one USB flash drive (see Section II. Instruction to Offerors – Magnetic Media – Required Format) of your proposal and one copy of your latest external quality review report along with any written comments must be received at the office by the designated date and time noted on the coversheet of the solicitation. The College will make available for an on-site inspection the previous year's audited financial statements and related reports, reference publications, and a sample of the accounting records upon request.

Nature of Services Required

Each proposal must address the conduct of an audit and expression of an opinion upon the financial statements of the College for the years ended June 30, 2021, 2022, 2023, 2024, and 2025. The audit must be performed in accordance with auditing standards generally accepted in the United States of America, the provisions of *Government Auditing Standards* issued by the Comptroller General of the United States; the Single Audit Act Amendments of 1996; and requirements set forth in Subpart F of 2 CFR Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*. The audit must also include audit procedures to ensure that the College has complied with state laws, rules and regulations that could materially affect the basic financial statements and with federal program compliance requirements as described in the Office of Management and Budget Compliance Supplement located in 2 CFR Part 200 Appendix XI. The audit of the financial statements must also comply with the Financial Reporting Guide for the South Carolina Technical College System and the Office of the Comptroller General's Policies – Financial Statements Incorporated into the State CAFR. In addition, a State Lottery Tuition Assistance Program review must be completed in each of the applicable years to test for compliance with state law and with State Board for Technical and Comprehensive Education's Policy 3-2-307 and Procedure 3-2-307.1.

The successful offeror must make arrangements with the College to physically observe year-end inventories at June 30 of each contract year if, in the auditor's opinion, such inventories are material and not observing them would affect the opinion on the financial statements.

The College may request the successful Offeror's assistance with technical issues from time to time (e.g. reviewing policy and presentation issues, providing guidance related to the implementation of new GASB pronouncements, etc.). The proposal must specify hourly rates, by staff level, for providing such services.

The Comptroller General of South Carolina issues an annual Comprehensive Annual Financial Report (CAFR) for the State of South Carolina, and the Comptroller General will utilize the College's audited financial statements when preparing the State CAFR. Therefore, it is extremely important that the mandatory final delivery date set out in this RFP be met.

The College is physically located at 738 S. Pleasantburg Drive, Greenville, SC. The accounting records are processed on an ERP System, Colleague by Ellucian.

The financial statements as of and for the year ended June 30, 2020, represent all activities of the College. The College currently has no related parties that are considered to be component units. However, the College is promoted and supported through activities of the Greenville Technical College Foundation. This separately chartered organization is not included in the financial statements, but the College's statements include transactions between the College and this related party.

Assistance Available to Offeror

Previous audit work papers will be made available to the successful Offeror. Arrangements to obtain the work papers must be made with Ben Kochenower, Cline Brandt Kochenower & Co., P. A.; Post Office Box 848, 1225 West Floyd Baker Blvd., Gaffney, South Carolina 29342; Phone: 864-489-7121.

Report Requirements

The reports are to be addressed to the Greenville Technical College Area Commission. The audit report on the financial statements must describe the nature of the audit and that the audit was performed in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards*, issued by the Comptroller General of the United States. The report must include an opinion as to whether the statements conform to accounting principles generally accepted in the United States of America. In addition, a Schedule of Expenditures of Federal Awards (SEFA) as required by **2 CFR Part 200** must be included. At a minimum, the SEFA shall:

- 1) List individual Federal programs by Federal agency. For Federal programs included in a cluster of programs, list the individual Federal programs.
- 2) Provide the name of the pass-through entity and identifying number assigned by the pass-through entity for Federal awards received as a subrecipient,
- 3) Provide total Federal awards expended for each individual Federal program and the CFDA number or other identifying number when the CFDA information is not available.
- 4) Include notes that describe the significant accounting policies used in preparing the schedule.
- 5) Identify in the schedule the total amount provided to subrecipients from each Federal program.
- 6) Include the value of the Federal awards expended in the form of non-cash assistance, the amount of insurance in effect during the year, and loans or loan guarantees outstanding at year-end. It is preferable to present this information in the schedule, but it may be presented in a note to the schedule.

The auditor will also issue a separate report opinion stating whether the State Lottery Tuition Assistance Program was administered in accordance with state law and with State Board for Technical and Comprehensive Education's Policy 3-2-307 and Procedure 3-2-307.1.

The College will report as a business- type activity. The basic financial statements will consist of the following:

(a) Management's Discussion and Analysis (MD&A), (b) Statement of Net Position, (c) Statement of Revenues, Expenses, and Changes in Net Position, (d) Statement of Cash Flows, and (e) Notes to the Financial Statements.

A management letter, if required, should include a statement of audit findings and recommendations affecting the financial statements, internal control, accounting system, legality of actions, other instances of noncompliance with laws and regulations, and any other material matters.

The report must include specific statements indicating whether conditions noted in prior auditor's comments or findings have been corrected or still exist.

Time Considerations and Requirements

Audit work can be commenced at a date mutually agreed upon by the successful Offeror and the College. Work on any given year's audit must not be started prior to notification by the College that funds are available.

A preliminary typed draft of the report and management letter, if applicable, must be submitted to the College no later than the second Wednesday in September. A formal exit conference is to be held with the President of the College and the Vice President for Administration and Finance as soon as the preliminary draft is available. The College is to be given an opportunity to provide a written response to the current management letter and to any finding of noncompliance as well as an opportunity to provide the 2 CFR Part 200 required comments on the status of corrective action taken on prior findings or, if corrective action is not necessary, to make a statement describing the reason. Management's responses

must be included in the bound reports when issued. If requested by the Chairman of the Area Commission, the auditor will be available to brief the members of the Commission concerning all findings and recommendations.

The financial audits must be provided to the college three business days prior to the due date of September 30.

These are absolute deadlines because the audited financial statements will be incorporated in the South Carolina Comprehensive Annual Financial Report.

Contractual Arrangements

The College will issue an award letter to the successful Offeror immediately following selection by the College and approval by the State Auditor.

The award letter will specify the maximum fee to be paid for performance of the proposed audit as set forth in the successful proposal for each of the five fiscal years ended June 30, 2021, 2022, 2023, 2024 and 2025 subject to the availability of funds.

Any expansion of services resulting in an increase in the maximum fee **must have the prior written approval** of the President of the College (or his designee) and the State Auditor's Office. Full justification with an estimate of revised cost must be provided. The contract maximum will not be exceeded unless there is mutual agreement that the factors justifying the increase are realistic and were not foreseeable at the time of contract negotiations.

Progress billings will be accepted up to 50% of the total fee. Billings are to be based on percent of completion. Billing for the final 50% of the fee will be accepted upon delivery of the final reports. The College reserves the right to adjust the percentages (up or down) based on vendor's meeting agreed delivery dates in previous year(s). All invoices must include vendor's Federal Employer Identification number and purchase order number.

Working Papers

The successful Offeror must retain working papers for three years and must make all working papers physically available, without charge, to the auditor who audits the subsequent fiscal year. If requested, the working papers must be made available for examination by representatives of the State Board for Technical and Comprehensive Education, the Office of the State Auditor, or the Federal government.

Right to Reject

The College reserves the right to reject any and all proposals submitted and to request additional information from all Offerors. Any award made will be made to the firm which, in the opinion of management of the College and of the Office of the State Auditor, is best qualified.

If there is no additional information to present, state "There is no additional information we wish to present."

INFORMATION FOR OFFERORS TO SUBMIT - EVALUATION (JAN 2006)

In addition to information requested elsewhere in this solicitation, offerors should submit the following information for purposes of evaluation [04-4005-1]:

All proposals must be complete and carefully worded and must convey all the information requested in order to be considered responsive. If the proposal fails to conform to the essential requirements of the RFP, the College and the College alone will be the judge as to whether that variance is significant enough to consider the proposal non-responsive and therefore not considered for award.

EVALUATION OF PROPOSALS

The following factors will be considered during our evaluation.

1. Qualifications and Experience:

Qualifications, experience, references, resumes, past and current projects, and financial viability as demonstrated.

2. Technical Proposal:

The completeness and suitability of the Offeror's proposed technical solutions to meet or exceed the requirements of this RFP and the approach methodology.

- Responsiveness of the proposal in clearly stating understanding of the work to be performed, including making all required statements and affirmations. Evaluators will consider:
- Appropriateness and adequacy of proposed procedures.
- Necessity of procedures.
- Reasonableness of time estimates.
- Appropriateness of assigned staff levels.
- Timeliness of expected completion.
- Technical experience of the firm.
- Qualifications of staff, including recent pertinent continuing education.
- Size and structure of the firm.
- The Technical College System's prior experience with the firm, with emphasis on report and work paper quality, and track record of meeting agreed upon delivery dates

3. Cost Proposal:

Cost will be evaluated as described in Section VI. Award Criteria, Calculating the Offers.

If there is reason to believe that an unreasonably low proposal has been made, it will be rejected. One method of measuring reasonableness is to divide the proposed cost by a reasonable average hourly rate to show hours of effort that might be expected.

Any proposal which does not include all the required statements and affirmations called for in Section III may automatically be rejected as not being responsive.

NUMBER OF COPIES TO BE SUBMITTED

One (1) Original in hard copy marked "Original", five (5) copies in hard copy marked "Copy" and one (1) redacted copy marked "Redacted". You may choose not to submit a redacted copy and if so, please check the appropriate box on the Cover Page. Offerors must also submit 1 copy of proposal and cost proposal on a USB flash drive.

VI. AWARD CRITERIA

AWARD CRITERIA – PROPOSALS (JAN 2006):

Award will be made to the highest ranked, responsive and responsible offeror whose offer is determined to be the most advantageous to the State. [06-6030-1]

CALCULATING THE OFFERS

Offers will be evaluated by a review panel on the basis of the evaluation criteria, as outlined in the Section, "Evaluation Factors – Proposals" below.

***Points for cost will be awarded using the following methodology:**

Pricing used in the following example is NOT a representation of the pricing model anticipated in actual offers and is purely for demonstration purposes only.

Assume the following cost proposal (examples only) for providing Property Management as taken from the Bidding Schedule

Company A	\$50,000
Company B	\$38,000
Company C	\$49,000

Company B with a price of \$38,000 is the low offer. Take the low offer and divide each of the other offers into the low offer coming up with the mathematical calculation to get a percentage. This percentage is then multiplied by the number of points available for cost. In this example 25 points are available for cost.

\$38,000 is then divided by each of the offerors' costs. The results are as follows:

\$38,000 divided by \$50,000 = .76	A
\$38,000 divided by \$38,000 = 1.00	B
\$38,000 divided by \$49,000 = .78	C

The next step is to take each company's percentage and multiply it by the points available.

A	.76 x 25 = 19
B	1.00 x 25 = 25
C	.78 x 25 = 19.5

The results are as follows:

Company A	19
Company B	25
Company C	19.5

AWARD TO ONE OFFEROR (JAN 2006):

Award will be made to one Offeror. [06-6040-1]

COMPETITION FROM PUBLIC ENTITIES (JAN 2006):

If a South Carolina governmental entity submits an offer, the Procurement Officer will, when determining the lowest offer, add to the price provided in any offers submitted by non-governmental entities a percentage equivalent to any applicable sales or use tax. S.C. Code Ann. Regs 117-304.1 (Supp. 2004). [06-6057-1]

DISCUSSIONS AND NEGOTIATIONS – OPTIONAL (FEB 2015)

Submit your best terms from both a price and a technical standpoint. Your proposal may be evaluated and your offer accepted without any discussions, negotiations, or prior notice. Ordinarily, nonresponsive proposals will be rejected outright without prior notice. Nevertheless, the State may elect to conduct discussions, including the possibility of limited proposal revisions, but only for those proposals reasonably susceptible of being selected for award. [11-35-1530(6); R.19-445.2095(I)] If improper revisions are submitted during discussions, the State may elect to consider only your unrevised initial proposal, provided your initial offer is responsive. The State may also elect to conduct negotiations, beginning with the highest ranked offeror, or seek best and final offers, as provided in Section 11-35-1530(8). Negotiations may involve both price and matters affecting the scope of the contract, so long as changes are within the general scope of the request for proposals. If negotiations are conducted, the State may elect to disregard the negotiations and accept your original proposal. [06-6058-1]

EVALUATION FACTORS -- PROPOSALS (JAN 2006)

Offers will be evaluated using only the factors stated below. Evaluation factors are stated in the relative order of importance, with the first factor being the most important. Once evaluation is complete, all responsive offerors will be ranked from most advantageous to least advantageous.

The following factors will be considered during our evaluation:

1. Qualifications and Experience:

Qualifications, experience, references, resumes, past and current projects, and financial viability as demonstrated.

2. Technical Proposal:

The completeness and suitability of the Offeror's proposed technical solutions to meet or exceed the requirements of this RFP and the approach methodology.

- Responsiveness of the proposal in clearly stating understanding of the work to be performed, including making all required statements and affirmations. Evaluators will consider:
- Appropriateness and adequacy of proposed procedures.
- Necessity of procedures.
- Reasonableness of time estimates.
- Appropriateness of assigned staff levels.
- Timeliness of expected completion.
- Technical experience of the firm.
- Qualifications of staff, including recent pertinent continuing education.
- Size and structure of the firm.
- The Technical College System's prior experience with the firm, with emphasis on report and work paper quality, and track record of meeting agreed upon delivery dates

3. Cost Proposal:

Cost will be evaluated as described in Section VI. Award Criteria, Calculating the Offers.

If there is reason to believe that an unreasonably low proposal has been made, it will be rejected. One method of measuring reasonableness is to divide the proposed cost by a reasonable average hourly rate to show hours of effort that might be expected.

Any proposal which does not include all the required statements and affirmations called for in Section III will automatically be rejected as not being responsive.]

[06-6065-1]

The proposed budget/cost proposal is to be submitted in a separate sealed envelope clearly marked "Price – Business Proposal."

UNIT PRICE GOVERNS (JAN 2006)

Best rating of no less than A: VII, and maintain for the duration of the contract, a policy or policies of insurance against claims which may arise from or in connection with the performance of the work and the results of that work by the contractor, his agents, representatives, employees, subcontractors or any other entity for which the contractor is legally responsible.

(b) Coverage must include claims for:

(i) information security risks, including without limitation, failure to prevent unauthorized access to, tampering with or unauthorized use of a computer system; introduction of malicious codes, computer viruses, worms, logic bombs, etc., into data or systems; or theft, damage, unauthorized disclosure, destruction, or corruption of information in whatever form;

(ii) privacy risks, including (A) failure to properly handle, manage, store, destroy, or otherwise control non-public personally identifiable information in any format; (B) loss or disclosure of confidential information; and (C) any form of invasion, infringement or interference with rights of privacy, including breach of security/privacy laws or regulations;

(iii) contractual liability for the contractor's obligations described in the clauses titled "Indemnification - Third Party Claims - Disclosure Of Information" and "Information Use And Disclosure;" and

(iv) errors, omissions, or negligent acts in the performance, by the contractor or by any entity for which the contractor is legally responsible, of professional services included in the work.

(c) If the work includes content for internet web sites or any publications or media advertisements, coverage must also include claims for actual or alleged infringement of intellectual property rights, invasion of privacy, as well as advertising, media and content offenses.

(d) If the work includes software, coverage must also include claims for intellectual property infringement arising out of software and/or content (with the exception of patent infringement and misappropriation of trade secrets)

(e) Coverage shall have limits no less than five million (\$5,000,000.00) dollars per occurrence and ten million (\$10,000,000.00) dollars aggregate.

(f) If the insurance required by this clause is procured on a form affording "claims-made" coverage, then (i) all limits stated above as "per occurrence" shall be understood to mean "per claim" or "per occurrence," as is consistent with the terms of the "claims-made" policy; and (ii) such claims-made insurance shall provide for a retroactive date no later than the date the contract is awarded.

(g) All terms of this clause shall survive termination of the contract and shall continue until thirty (30) days past the final completion of the work, including the performance of any warranty work. In addition, contractor shall maintain in force and effect any "claims-made" coverage for a minimum of two (2) years after final completion of all work or services to be provided hereunder. Contractor shall purchase an extended reporting period, or "tail coverage," if necessary to comply with the latter requirement.

(h) Every applicable Using Governmental Unit, and the officers, officials, employees and volunteers of any of them, must be covered as additional insureds on the policy or policies of insurance required by this clause.

(i) For any claims related to this contract, the insurance coverage required by this clause shall be primary insurance as respects the State, every applicable Using Governmental Unit, and the officers, officials, employees and volunteers of any of them. Any insurance or self-insurance maintained by the State, every applicable Using Governmental Unit, or the officers, officials, employees and volunteers of any of them, shall be excess of the Contractor's insurance and shall not contribute with it.

(j) Prior to commencement of the work, the Contractor shall furnish the State with original certificates of insurance for every applicable policy effecting the coverage required by this clause. All certificates are to be received and approved by the Procurement Officer before work commences. However, failure to obtain the required documents prior to the work beginning shall not waive the Contractor's obligation to provide them. The State reserves the right to require complete, certified copies of all required insurance policies, including policy declarations and any endorsements required by this section, at any time.

(k) Should any of the above described policies be cancelled before the expiration date thereof, notice will be delivered in accordance with the policy provisions. In addition, the Contractor shall notify the State immediately upon receiving any information that any of the coverages required by this clause are or will be changed, cancelled, or replaced.

(l) Contractor hereby grants to the State and every applicable Using Governmental Unit a waiver of any right to subrogation which any insurer of said Contractor may acquire against the State or applicable Using Governmental Unit by virtue of the payment of any loss under such insurance as is required by this clause. Contractor agrees to obtain any endorsement that may be necessary to effect this waiver of subrogation, but this provision applies regardless of whether or not the State or Using Governmental Unit has received a waiver of subrogation endorsement from the insurer.

(m) Any deductibles or self-insured retentions must be declared to and approved by the State. The State may require the Contractor to purchase coverage with a lower deductible or retention or provide proof of ability to pay losses and related investigations, claim administration, and defense expenses within the retention. [07-7B058-1]

CONTRACTOR PERSONNEL (JAN 2006)

The Contractor shall enforce strict discipline and good order among the Contractor's employees and other persons carrying out the Contract. The Contractor shall not permit employment of unfit persons or persons not skilled in tasks assigned to them. [07-7B060-1]

CONTRACTOR'S OBLIGATION -- GENERAL (JAN 2006)

The contractor shall provide and pay for all materials, tools, equipment, labor and professional and non-professional services, and shall perform all other acts and supply all other things necessary, to fully and properly perform and complete the work. The contractor must act as the prime contractor and assume full responsibility for any subcontractor's performance. The contractor will be considered the sole point of contact with regard to all situations, including payment of all charges and the meeting of all other requirements. [07-7B065-1]

CONTRACTOR'S USE OF STATE PROPERTY (JAN 2006)

Upon termination of the contract for any reason, the State shall have the right, upon demand, to obtain access to, and possession of, all State properties, including, but not limited to, current copies of all State application programs and necessary documentation, all data, files, intermediate materials and supplies held by the contractor. Contractor shall not use, reproduce, distribute, display, or sell any data, material, or documentation owned exclusively by the State without the State's written consent, except to the extent necessary to carry out the work. [07-7B067-1]

DEFAULT (JAN 2006):

- (a) (1) The State may, subject to paragraphs (c) and (d) of this clause, by written notice of default to the Contractor, terminate this contract in whole or in part if the Contractor fails to:
- (i.) Deliver the supplies or to perform the services within the time specified in this contract or any extension;
 - (ii.) Make progress, so as to endanger performance of this contract (but see paragraph (a)(2) of this clause); or
 - (iii.) Perform any of the other material provisions of this contract (but see paragraph (a)(2) of this clause).
- (2) The State's right to terminate this contract under subdivisions (a)(1)(ii) and (1)(iii) of this clause, may be exercised if the Contractor does not cure such failure within 10 days (or more if authorized in writing by the Procurement Officer) after receipt of the notice from the Procurement Officer specifying the failure.
- (b) If the State terminates this contract in whole or in part, it may acquire, under the terms and in the manner the Procurement Officer considers appropriate, supplies or services similar to those terminated, and the Contractor will be liable to the State for any excess costs for those supplies or services. However, the Contractor shall continue the work not terminated.
- (c) Except for defaults of subcontractors at any tier, the Contractor shall not be liable for any excess costs if the failure to perform the contract arises from causes beyond the control and without the fault or negligence of the Contractor. Examples of such causes include (1) acts of God or of the public enemy, (2) acts of the State in either its sovereign or contractual capacity, (3) fires, (4) floods, (5) epidemics, (6) quarantine restrictions, (7) strikes, (8) freight embargoes, and (9) unusually severe weather. In each instance the failure to perform must be beyond the control and without the fault or negligence of the Contractor.
- (d) If the failure to perform is caused by the default of a subcontractor at any tier, and if the cause of the default is beyond the control of both the Contractor and subcontractor, and without the fault or negligence of either, the Contractor shall not be liable for any excess costs for failure to perform, unless the subcontracted supplies or services were obtainable from other sources in sufficient time for the Contractor to meet the required delivery schedule.
- (e) If this contract is terminated for default, the State may require the Contractor to transfer title and deliver to the State, as directed by the Procurement Officer, any (1) completed supplies, and (2) partially completed supplies and materials, parts, tools, dies, jigs, fixtures, plans, drawings, information, and contract rights (collectively referred to as "manufacturing materials" in this clause) that the Contractor has specifically produced or acquired for the terminated portion of this contract. Upon direction of the Procurement Officer, the Contractor shall also protect and preserve property in its possession in which the State has an interest.
- (f) The State shall pay contract price for completed supplies delivered and accepted. The Contractor and Procurement Officer shall agree on the amount of payment for manufacturing materials delivered and accepted and for the protection and preservation of the property; if the parties fail to agree, the Procurement Officer shall set an amount subject to the Contractor's rights under the Disputes clause. Failure to agree will be a dispute under the Disputes clause. The State may withhold from these amounts any sum the Procurement Officer determines to be necessary to protect the State against loss because of outstanding liens or claims of former lien holders.
- (g) If, after termination, it is determined that the Contractor was not in default, or that the default was excusable, the rights and obligations of the parties shall, if the contract contains a clause providing for termination for convenience of

the State, be the same as if the termination had been issued for the convenience of the State. If, in the foregoing circumstances, this contract does not contain a clause providing for termination for convenience of the State, the contract shall be adjusted to compensate for such termination and the contract modified accordingly subject to the contractor's rights under the Disputes clause.

- (h) The rights and remedies of the State in this clause are in addition to any other rights and remedies provided by law or under this contract. [07-7B075-1]

INDEMNIFICATION - THIRD PARTY CLAIMS - GENERAL (NOV 2011)

Notwithstanding any limitation in this agreement, and to the fullest extent permitted by law, Contractor shall defend and hold harmless Indemnitees for and against any and all suits or claims of any character (and all related damages, settlement payments, attorneys' fees, costs, expenses, losses or liabilities) by a third party which are attributable to bodily injury, sickness, disease or death, or to injury to or destruction of tangible property arising out of or in connection with the goods or services acquired hereunder or caused in whole or in part by any act or omission of contractor, its subcontractors, their employees, workmen, servants, agents, or anyone directly or indirectly employed by them or anyone for whose acts any of them may be liable, regardless of whether or not caused in part by an Indemnitee, and whether or not such claims are made by a third party or an Indemnitee; however, if an Indemnitee's negligent act or omission is subsequently determined to be the sole proximate cause of a suit or claim, the Indemnitee shall not be entitled to indemnification hereunder. Contractor shall be given timely written notice of any suit or claim. Contractor's obligations hereunder are in no way limited by any protection afforded under workers' compensation acts, disability benefits acts, or other employee benefit acts. This clause shall not negate, abridge, or reduce any other rights or obligations of indemnity which would otherwise exist. The obligations of this paragraph shall survive termination, cancelation, or expiration of the parties' agreement. This provision shall be construed fairly and reasonably, neither strongly for nor against either party, and without regard to any clause regarding insurance. As used in this clause, "Indemnitees" means the State of South Carolina, its instrumentalities, agencies, departments, boards, political subdivisions and all their respective officers, agents and employees. [07-7B100-2]

INDEMNIFICATION - THIRD PARTY CLAIMS – DISCLOSURE OF INFORMATION (FEB 2015):

- (a) Without limitation, Contractor shall defend and hold harmless Indemnitees from and against any and all suits, claims, investigations, or fines (hereinafter "action") of any character (and all related damages, settlement payments, attorneys' fees, costs, expenses, losses or liabilities) by a third party which arise out of or in connection with a disclosure of government information (as defined in the clause titled Information Security - Definitions) caused in whole or in part by any act or omission of contractor, its subcontractors at any tier, their employees, workmen, servants, agents, or anyone directly or indirectly employed by them or anyone for whose acts any of them may be liable, regardless of whether or not caused in part by an Indemnitee, and whether or not such action is brought by a third party or an Indemnitee, but only if the act or omission constituted a failure to perform some obligation imposed by the contract or the law.
- (b) Indemnitee must notify contractor in writing within a reasonable period of time after Indemnitee first receives written notice of any action. Indemnitee's failure to provide or delay in providing such notice will relieve contractor of its obligations under this clause only if and to the extent that such delay or failure materially prejudices contractor's ability to defend such action. Indemnitee must reasonably cooperate with contractor's defense of such actions (such cooperation does not require and is without waiver of an Indemnitees attorney/client, work product, or other privilege) and, subject to Title 1, Chapter 7 of the South Carolina Code of Laws, allow contractor sole control of the defense, so long as the defense is diligently and capably prosecuted. Indemnitee may participate in contractor's defense of any action at its own expense. Contractor may not, without Indemnitee's prior written consent, settle, compromise, or consent to the entry of any judgment in any such commenced or threatened action unless such settlement, compromise or consent (i) includes an unconditional release of Indemnitee from all liability related to such

commenced or threatened action, and (ii) is solely monetary in nature and does not include a statement as to, or an admission of fault, culpability or failure to act by or on behalf of, an Indemnitee or otherwise adversely affect an Indemnitee. Indemnitee's consent is necessary for any settlement that requires Indemnitee to part with any right or make any payment or subjects Indemnitee to any injunction.

- (c) Notwithstanding any other provision, contractor's obligations pursuant to this clause are without any limitation whatsoever. Contractor's obligations under this clause shall survive the termination, cancellation, rejection, or expiration of the contract. This provision shall be construed fairly and reasonably, neither strongly for nor against either party, and without regard to any clause regarding insurance.
- (d) "Indemnitee" means the State of South Carolina, its instrumentalities, agencies, departments, boards, political subdivisions and all their respective officers, agents and employees. [07-7B102-1]

INDEMNIFICATION - INTELLECTUAL PROPERTY (JAN 2006):

- (a) Without limitation and notwithstanding any provision in this agreement, Contractor shall, upon receipt of notification, defend and indemnify the State, its instrumentalities, agencies, departments, boards, political subdivisions and all their respective officers, agents and employees against all actions, proceedings or claims of any nature (and all damages, settlement payments, attorneys' fees (including inside counsel), costs, expenses, losses or liabilities attributable thereto) by any third party asserting or involving an IP right related to an acquired item. State shall allow Contractor to defend such claim so long as the defense is diligently and capably prosecuted. State shall allow Contractor to settle such claim so long as (i) all settlement payments are made by Contractor, and (ii) the settlement imposes no non-monetary obligation upon State. State shall reasonably cooperate with Contractor's defense of such claim.
- (b) In the event an injunction or order shall be obtained against State's use of any acquired item, or if in Contractor's opinion, the acquired item is likely to become the subject of a claim of infringement or violation of an IP right, Contractor shall, without in any way limiting the foregoing, and at its expense, either: (1) procure for State the right to continue to use, or have used, the acquired item, or (2) replace or modify the acquired item so that it becomes non-infringing but only if the modification or replacement does not adversely affect the specifications for the acquired item or its use by State. If neither (1) nor (2), above, is practical, State may require that Contractor remove the acquired item from State, refund to State any charges paid by State therefor, and take all steps necessary to have State released from any further liability.
- (c) Contractor's obligations under this paragraph do not apply to a claim to the extent (i) that the claim is caused by Contractor's compliance with specifications furnished by the State unless Contractor knew its compliance with the State's specifications would infringe an IP right, or (ii) that the claim is caused by Contractor's compliance with specifications furnished by the State if the State knowingly relied on a third party's IP right to develop the specifications provided to Contractor and failed to identify such product to Contractor.
- (d) As used in this paragraph, these terms are defined as follows: "IP right(s)" means a patent, copyright, trademark, trade secret, or any other proprietary right. "Acquired item(s)" means the rights, goods, or services furnished under this agreement. "Specification(s)" means a detailed, exact statement of particulars such as a statement prescribing materials, dimensions, and quality of work.
- (e) Contractor's obligations under this clause shall survive the termination, cancellation, rejection, or expiration of this Agreement. [07-7B103-1]

INFORMATION SECURITY - DEFINITIONS (FEB 2015):

The following definitions are used in those clauses that cross reference this clause.

Public information means any specific information, regardless of form or format, that the State has actively and

intentionally disclosed, disseminated, or made available to the public. Information is not public information solely because it may be subject to inspection pursuant to an unfulfilled public records request.

Third party means any person or entity other than the Using Governmental Unit, the Contractor, or any subcontractors at any tier.

Web-based service means a service accessed over the Internet and acquired, accessed, or used by the using governmental unit or a third party pursuant to or as a result of this contract, including without limitation, cloud services, software-as-a-service, and hosted computer services. [07-7B104-1]

INFORMATION SECURITY - SAFEGUARDING REQUIREMENTS (FEB 2015):

(a) *Definitions.* The terms used in this clause shall have the same meaning as the terms defined in the clause titled Information Security – Definitions. In addition, as used in this clause –

Clearing means removal of data from an information system, its storage devices, and other peripheral devices with storage capacity, in such a way that the data may not be reconstructed using common system capabilities (i.e., through the keyboard); however, the data may be reconstructed using laboratory methods.

Intrusion means an unauthorized act of bypassing the security mechanisms of a system.

Media means physical devices or writing surfaces including but not limited to magnetic tapes, optical disks, magnetic disks, large scale integration memory chips, and printouts (but not including display media, e.g., a computer monitor, cathode ray tube (CRT) or other (transient) visual output) onto which information is recorded, stored, or printed within an information system.

Safeguarding means measures or controls that are prescribed to protect information.

Voice means all oral information regardless of transmission protocol.

(b) *Safeguarding Information.* Without limiting any other legal or contractual obligations, contractor shall implement and maintain reasonable and appropriate administrative, physical, and technical safeguards (including without limitation written policies and procedures) for protection of the security, confidentiality and integrity of the government information in its possession. In addition, contractor shall apply security controls when the contractor reasonably determines that safeguarding requirements, in addition to those identified in paragraph (c) of this clause, may be required to provide adequate security, confidentiality and integrity in a dynamic environment based on an assessed risk or vulnerability.

(c) *Safeguarding requirements and procedures.* Contractor shall apply the following basic safeguarding requirements to protect government information from unauthorized access and disclosure:

- (1) Protecting information on public computers or Web sites: Do not process government information on public computers (e.g., those available for use by the general public in kiosks, hotel business centers) or computers that do not have access control. Government information shall not be posted on Web sites that are publicly available or have access limited only by domain/Internet Protocol restriction. Such information may be posted to web pages that control access by user ID/password, user certificates, or other technical means, and that provide protection via use of security technologies. Access control may be provided by the intranet (versus the Web site itself or the application it hosts).
- (2) Transmitting electronic information. Transmit email, text messages, blogs, and similar communications that contain government information using technology and processes that provide the best level of security and privacy available, given facilities, conditions, and environment.
- (3) Transmitting voice and fax information. Transmit government information via voice and fax only when the sender has a reasonable assurance that access is limited to authorized recipients.
- (4) Physical and electronic barriers. Protect government information by at least one physical and one electronic barrier (e.g., locked container or room, login and password) when not under direct individual control.
- (5) Sanitization. At a minimum, clear information on media that have been used to process government information before external release or disposal. Overwriting is an acceptable means of clearing media in accordance with National Institute of Standards and Technology 800–88, Guidelines for Media Sanitization, at http://csrc.nist.gov/publications/nistpubs/800-88/NISTSP800-88_with-errata.pdf.

 - (ii.) Prompt application of security-relevant software upgrades, e.g., patches, service packs, and hot fixes.

- (7) Transfer limitations. Transfer government information only to those subcontractors that both require the information for purposes of contract performance and provide at least the same level of security as specified in this clause.
- (d) *Subcontracts*. Any reference in this clause to Contractor also includes any subcontractor at any tier. Contractor is responsible for, and shall impose by agreement requirements at least as secure as those imposed by this clause on, any other person or entity that contractor authorizes to take action related to government information.
- (e) *Other contractual requirements regarding the safeguarding of information*. This clause addresses basic requirements and is subordinate to any other contract clauses or requirements to the extent that it specifically provides for enhanced safeguarding of information or information systems. [07-7B105-1]

INFORMATION SECURITY – LOCATION OF DATA (FEB 2015):

Notwithstanding any other provisions, contractor is prohibited from processing, storing, transmitting, or accessing government information, as defined in the clause titled Information Security - Definitions, outside the continental United States. For clarity, this obligation is a material requirement of this contract and applies to subcontractors at any tier. [07-7B106-1]

INFORMATION USE AND DISCLOSURE (FEB 2015):

Except to the extent necessary for performance of the work, citizens should not be required to share information with those engaged by the government in order to access services provided by the government and such information should be used by those engaged by the government only to the extent necessary to perform the work acquired; accordingly, this clause addresses basic requirements for the Contractor's use and disclosure of government information, which expressly includes, but is not limited to, information provided by or obtained from the citizens. Anonymizing information does not resolve the foregoing concern. This clause should be broadly interpreted to effectuate this intent. Every obligation in this clause is material. Absent express reference to this clause, this clause supersedes any other clause to the extent of any inconsistency unless and to the extent the other clause provides greater protection for government information.

- (a) *Definitions*. The terms used in this clause shall have the same meaning as the terms defined in the clause titled Information Security – Definitions.
- (b) *Legal mandates*. Contractor shall be permitted to use, disclose, or retain government information to the limited extent necessary to comply with any requirement imposed on Contractor by law. If it is necessary for Contractor to use, disclose, or retain government information in order to comply with a law, Contractor shall provide using governmental unit with written notice, including a description of the circumstances and applicable law, in advance of such use, disclosure or retention except to the extent expressly prohibited by law.
- (c) *Flow down*. Any reference in this clause to Contractor also includes any subcontractor at any tier. Contractor is responsible for, and shall impose by agreement the requirements of this clause on, any other person or entity that contractor authorizes to take action related to government information.
- (d) *Collecting Information*. Contractor must gather and maintain government information only to the minimum extent necessary to accomplish the work.
- (e) *Rights, Disclosure and Use*. Except as otherwise expressly provided in this solicitation, Contractor agrees NOT to either (1) use or disclose government information, or (2) retain government information after termination or expiration of this contract. Contractor acquires no rights in any government information except the limited rights to use, disclose and retain the government information in accordance with the terms of this solicitation. To the extent reasonably necessary to perform the work, Contractor may: (i) use (including access, process, transmit, and store) and maintain the government information itself; and (ii) disclose government information to persons having a need-to-know (e.g., subcontractors). Before disclosing government information to a subcontractor or third party, Contractor shall give the using governmental unit detailed written notice of both the reason for disclosure and the identity and location of the recipient. The notice shall be provided no later than fifteen (15) business days in advance of the disclosure.
- (f) *Return*. Notwithstanding the using governmental unit's failure to perform or the pendency of a dispute, Contractor agrees to promptly deliver to the using governmental unit (or destroy, at the using governmental unit's option) all government information in its possession as and upon written request of using governmental unit (provided that, if the contract has not expired or been terminated, Contractor shall be excused from the performance of any work reasonably dependent on Contractor's further access to such government information).
- (g) *Privacy Policy & Applicable Laws*. Without limiting any other legal or contractual obligations imposed by this contract or the law, Contractor shall (a) comply with its own privacy policies and written privacy statements relevant to the work, and (b) comply with (1) all laws applicable to Contractor regarding government information, and (2) all laws and standards identified in the clause, if included, entitled Information Use and Disclosure – Standards.
- (h) *Actions Following Disclosure*. Immediately upon discovery of a compromise or improper use of government information, Contractor shall take such action as may be necessary to preserve forensic evidence and eliminate the cause of the compromise or improper use. As soon as practicable, but no later than twenty-four hours after discovery,

Contractor shall notify using governmental unit of the compromise or improper use, including a description of the circumstances of the use or compromise. As soon as practicable after discovery, Contractor shall undertake a thorough forensic investigation of any compromise or improper use and provide the using governmental unit all information necessary to enable the using governmental unit to fully understand the nature and extent of the compromise or improper use. With regard to any compromise or improper use of government information, Contractor shall: (1) provide any notification to third parties legally required to be provided such notice by Contractor, and if not (e.g., if legally required of the using governmental unit), Contractor shall reimburse using governmental unit for the cost of providing such notifications; (2) pay all costs and expenses for at least two years of identity theft monitoring services (including without limitation, credit monitoring) and identity theft restoration services for any such affected individuals receiving notice where such services are appropriate given the circumstances of the incident and the nature of the information compromised; (3) undertake any other measures that are customary and reasonable for an entity to take when experiencing a similar disclosure, (4) pay any related fines or penalties imposed on the using governmental unit, and (5) reimburse the Using Governmental Unit all costs reasonably incurred for communications and public relations services involved in responding to the compromise or improper use. Notwithstanding any other provision, contractor's obligations pursuant to this item (h) are without limitation.

- (i) *Survival & Remedy.* All the obligations imposed by this paragraph are material. The obligations of this section shall survive termination or expiration of the contract. Without limiting any rights the using governmental unit may have, and notwithstanding any other term of this contract, Contractor agrees that using governmental unit may have no adequate remedy at law for a breach of Contractor's obligations under this clause and therefore the using governmental unit shall be entitled to pursue equitable remedies in the event of a breach of this clause.

[07-7B108-1]

[07-7B115-1]

PRICE ADJUSTMENTS (JAN 2006)

- (1) Method of Adjustment. Any adjustment in the contract price made pursuant to a clause in this contract shall be consistent with this Contract and shall be arrived at through whichever one of the following ways is the most valid approximation of the actual cost to the Contractor (including profit, if otherwise allowed):
- (a) by agreement on a fixed price adjustment before commencement of the pertinent performance or as soon thereafter as practicable;
 - (b) by unit prices specified in the Contract or subsequently agreed upon;
 - (c) by the costs attributable to the event or situation covered by the relevant clause, including profit if otherwise allowed, all as specified in the Contract; or subsequently agreed upon;

Code of Laws.
- (2) Submission of Price or Cost Data. Upon request of the Procurement Officer, the contractor shall provide reasonably available factual information to substantiate that the price or cost offered, for any price adjustments is reasonable, consistent with the provisions of Section 11-35-1830. [07-7B160-1]
