

**Sole Source
Written Determination**

Agency Identification: Greenville Technical College

Description of the agency need that this procurement fulfills: *(See instructions on last page for guidance)*

Mythics is a preferred, certified provider of Oracle Software and hardware support. Oracle is the core database under the core Colleague ERP/SIS system of the college. This procurement provides services to support the systems that sustain college operations.

Describe the Market Based on Research Performed: *(See instructions on last page for guidance)*

Mythics is authorized by Oracle to provide the contract for services in support of the legacy primary computer systems of the college. Oracle requires certified hardware through preferred vendors and contractors. Oracle Support Services are required in order to support system issues. The college's Oracle hardware is circa 2014 and considered legacy which reduces support services to specific authorized third party vendors, like Mythics.

Sole Source Vendor Name: Mythics

Based upon the following determination, Agency proposes to acquire the supplies, construction, information technology, and/or services described herein from the vendor named above per SC Code Ann § 11-35-1560 and SC Regulation 19-445.2105, Sole Source Procurement.

Description of supplies, construction, information technology, and/or services vendor will provide under the contract: *(See instructions on last page for guidance.)*

As a preferred partner, Mythics provides repair services, parts replacement services, and problem solving services that no other non-Oracle partner vendors are authorized to provide.

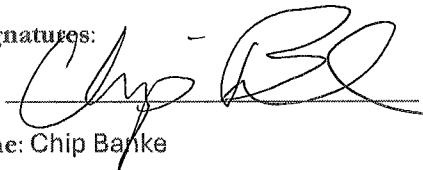

Explain why the described solution is the only solution that meets the agency's need and how no other identified solutions were sufficient. *(See instructions on last page for guidance)*

Oracle is a proprietary database on certified proprietary configured hardware. Therefore, a certified authorized Oracle partner is the only source for support services. Furthermore, being legacy hardware, no other Oracle authorized service provider supports our legacy system.
